

**PLATORAND SPECIAL SCHOOL VISITS MPUMALANGA REGIONAL TRAINING TRUST (MRTT)
TRAINING FACILITIES.**

TUESDAY, 18 OCTOBER 2022

Platorand Special School learners visited MRTT Centres to observe how the entity operates, to have a feel on how MRTT learners are being trained and to know more about MRTT offered programmes both in Technical Training and Hospitality.

The learners were split into two groups: 10 female learners visited the Hospitality and Tourism Academy (HTA) at Kanyamazane Road in the City of Mbombela.

34 male learners visited Emalahleni Technical Training centre, Moses Kotana Road at Emalahleni Local Municipality and were taken to different workshops to get a brief about the skills programmes offered. During the tour, the learners were able to see MRTT learners in action.

These learners were so excited to visit MRTT centres with smiles beaming all over their faces.

MRTT will continue to give the public especially the youth more information on how to access opportunities from the entity.

This visit gave the learners an opportunity to decide on the training programs they are interested in to choose during enrolment.

The entity is looking forward to welcome more learners in our next intake.

End.
